Instructions for parking and visiting our office:

Our 222 South Main AMPCO parking garage is located directly behind our building. Access to our parking garage is on the south side of 200 South, just west of the Hotel Monaco. A tall, gray metal pillar, not too visible from the street, indicates “222 Main Public Parking.” Our parking garage entrance shares the driveway with the Hotel Monaco and shouldn't be confused with the narrow entrance to the American Plaza Public Parking, which is just west of our parking garage driveway entrance.

When you enter the parking garage, the ticket machine gives you two options to select: “General Parking” or “Under 2 Hours Visitor Parking.”

- **If your visit will be for two hours or less:** Select the button for “Under 2 Hour Visitor Parking” and be sure to park on level P1 or P2 in an area specifically marked “Under 2 Hour Visitor Parking.” (Some overhead signage calls this area “Metered Parking.”) YOU MUST LEAVE YOUR TICKET ON THE DASHBOARD OF YOUR CAR. The “Under 2 Hours Visitor Parking” is patrolled by AMPCO and if there is no visible parking ticket on the dashboard of a car in “Under 2 Hours Visitor Parking,” they will issue a parking violation ticket.
- **If your visit will be for more than two hours:** Select the button for “General Parking” and park on level P3 or above in the area for “General Parking.”
- Please do not park in any reserved space.

All visitors must present a photo I.D. to security in the building lobby before entering the elevator.

Following your visit, please stop at Holland & Hart’s reception desk on the 22nd floor to receive a parking voucher card for complimentary parking in the 222 South Main Garage. **We do not issue parking validations for any other parking structure.**
